

create products that will be compatible with the system.

(d) Nothing in this section shall be construed to require any system or system owner to:

(1) Develop or supply any particular product, device, hardware or software to enable a subscriber to use another system, or

(2) Provide service or support with respect to any product, device, hardware, software, or service not provided to a subscriber by the system or system owner.

**§ 255.10 Marketing and booking information.**

(a) Each system shall make available to all U.S. participating carriers on nondiscriminatory terms all marketing, booking, and sales data relating to carriers that it elects to generate from its system. The data made available shall be as complete and accurate as the data provided a system owner.

(b) Each system shall make available to all foreign participating carriers on nondiscriminatory terms all marketing, booking, and sales data relating to bookings on international services that it elects to generate from its system, provided that no system may provide such data to a foreign carrier if the foreign carrier or an affiliate owns, operates, or controls a system in a foreign country, unless such carrier or system provides comparable data to all U.S. carriers on nondiscriminatory terms. Before a system provides such data to a foreign carrier, it shall give written notice to each of the U.S. participating carriers in its system that it will provide such data to such foreign carrier. The data made available by a system shall be as complete and accurate as the data provided a system owner.

(c) Any U.S. or foreign carrier receiving data on international bookings from a system must ensure that no one has access to the data except its own personnel and the personnel of any outside firm used for processing the data on its behalf, except to the extent that the system or a system owner provides such access to other persons.

**§ 255.11 Exceptions.**

(a) The obligations of a system under § 255.4 shall not apply with respect to a

carrier that refuses to enter into a contract that complies with this part or fails to pay a nondiscriminatory fee. A system shall apply its policy concerning treatment of non-paying carriers on a uniform basis to all such carriers, and shall not receive payment from any carrier for system-related services unless such payments are made pursuant to a contract complying with this part.

(b) The obligations of a system under this part shall not apply to any foreign carrier that operates or whose affiliate operates an airline computer reservations system for travel agents outside the United States, if that system discriminates against the display of flights of any United States carrier or imposes discriminatory terms for participation by any United States carrier in its computer reservations system, provided that a system must continue complying with its obligations under this part until 14 days after it has given the Department and such foreign carrier written notice of its intent to deny such foreign carrier any or all of the protections of this part.

**§ 255.12 Termination.**

Unless extended, these rules on carrier-owned computer reservation systems shall terminate on March 31, 1999.
